If you're looking for more variety of coverage and want to be sure that there is enough product to finish the job, Quik-Select II is your answer.

Take the step up in body hardware coverage with Auveco's new Quik-Select II assortments. **Quik-Select II's feature a polypropylene box that's larger (13-1/16" Wide x 8-13/16" Deep x 2-1/4" High) than our regular 6800 series Quik-Select assortments**, and thus not only provide a larger variety of parts in each assortment but they also contain a greater number of each part per compartment at a **reduced cost compared to the 6800 series Quik-Selects**.

The assortments come in 12, 18 and 24 compartment, translucent, durable polypropylene boxes with lid labels complete with O.E.M. numbers, sizes, product pictures and the Auveco part numbers for ordering refills.

If you are taking advantage of the promotion and ordering on-line at the Auveco e-commerce web site, the free 69-RACK is automatically added to your order.

Can be set on counter top or hung on a wall using the built-in hanger loops. Durable black powder coat finish with black and white sign panel.

Can be shipped via UPS

Discontinued Items

From time to time Auveco finds it necessary to discontinue items from our extensive line of products. **Parts may be discontinued for a number of reasons including lack of availability, low sales, and obsolescence.** While the practice of discontinuing items may sometimes cause our distributors and their customer's difficulty, it is a necessary part of keeping the Auveco line current and up-to-date with the market's needs.

It is our goal to make our procedures related to discontinue parts as easy as possible for the customer. Where Auveco can identify suitable substitutes in our line for discontinued items, we do so. **We have also added a section to the Auveco.com web site to help you quickly identify discontinued items and find possible substitutes.** From our home page, **click on the navigation link marked "Price List/Discontinued Items"** and you will see the complete, up-to-date list of all parts discontinued in our system. Note that the date of discontinue as well as suitable substitute items are included in the extensive information.

We have also modified all the ordering processes on our "distributor-only" eCommerce site to communicate to the user when an item has been discontinued. The site will also suggest viable alternatives when available.

Discontinued parts are a reality of this business. It is our goal to make them as painless as possible.
