### It Pays To Go Green – With The Auveco Green Package Line.

The Auveco Master Catalog with over 700 pages is regarded as **THE ENCYCLOPEDIA OF THE AUTOMOTIVE BODY HARDWARE INDUSTRY**. A catalog of this magnitude can be overwhelming. So we've boiled down our massive product line of over 18,000 items to our brand new **extremely handy (Mini) AUVECO GREEN CATALOG (part number GR-CAT)**.

Since it contains less than 1/5<sup>th</sup> the number of pages of the master catalog, the **AUVECO GREEN CATALOG not only saves on paper but it presents over 1,700 of the most popular Auveco part numbers divided by product group into 45 different sections in a clear, concise format that makes it quick and easy to find the right part.**

The **AUVECO GREEN CATALOG** features trilingual verbiage (English, Spanish and French-Canadian) and includes actual size pictures of all the products, O.E.M. numbers, pertinent specifications, dimensions, colors, plating information, etc.; all of which aids in identifying the correct Auveco part numbers and unit package quantities. The **AUVECO GREEN CATALOG takes the guess work out of identifying Body Hardware and Specialty Fasteners.**

There are 378 items with a ★ symbol which indicates these items are included on the Auveco DB-370 Plus Display Boards. The DB-370 Plus is a program of recommended stocking items for all of our Distributors.

We included the "AP" AuvecoPak part number wherever applicable for those customers that have the AuvecoPak Retail Merchandiser.

Order your copies of the **AUVECO GREEN CATALOG** today.

**Remember The Auveco Master Catalog Is Available For A Listing Of Our Entire Line**
